Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Mt. Lemmon Fire Station Remodel and Expansion Project in fiscal year 2023. The entity to receive funding for this project is Mt. Lemmon Fire District located at 13170 Oracle Control Rd. Mt. Lemmon, Arizona 85619.

The funding would be used for the Mt Lemmon Fire District Fire Station Remodel and Expansion project, which is a necessary and critical infrastructure project in the fight against climate change in our communities and wilderness areas.

Prioritizing this project will help our agency partners to better prevent, manage, suppress, and recover from wildfires in the Southwest.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Ann Kirkpatrick
Member of Congress

The Honorable Rosa DeLauro
Chair
House Committee on Appropriations
Washington, DC 20515

The Honorable Kay Granger
Ranking Member
House Committee on Appropriations
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for a New Water Well for Commercial POE, Cochise College, and Surrounding Development in Douglas, Arizona in fiscal year 2023. The entity to receive funding for this project is the City of Douglas, Arizona, located at 425 10th Street, Douglas, AZ 85607

This funding will help construct a new water well that will furnish access to potable water for the Douglas Port of Entry, Cochise College, and the surrounding areas while also enhancing economic development opportunities in the area. The design of this project includes a phased capital investment approach where the sewer connection will be established, in conjunction with the construction of a new potable water well. Additionally, the specifications for the fire suppression needs of the port of entry are to be included, increasing the safety measures and compliance measures needed for this large federal facility. This new water well will provide potable water to the new commercial port of entry in Douglas, Arizona, Cochise College, and surrounding development. The water source will increase water stability to the areas it will service, increasing the quality of life. The project will support the economic development of the area and increase entrepreneurial activities. Additionally, it will assist with the water challenges faced by the surrounding areas and Cochise College.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Ann Kirkpatrick
Member of Congress

Washington, DC 20515

The Honorable Kay Granger
Ranking Member
House Committee on Appropriations
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the Douglas SCADA System in fiscal year 2023. The entity to receive funding for this project is the City of Douglas, Arizona, located at 425 10th Street, Douglas, AZ 85607

The funding would be used for the City of Douglas to update its Supervisory Control and Data Acquisition (SCADA) system, which is a web connected water management tool to help manage their water system. The system will ensure compliance as it provides 25/7 monitoring capabilities, controls reservoir water levels, water well production and efficient energy use. Douglas' current SCADA system is obsolete and no longer serviceable, hindering adding new upgrades and new assets to the system, such as new wells. A new SCADA will make the Douglas water system operate efficiently and aid with water conservation, much needed in our Arizona desert climate. With a peak production of 5 million gallons per day, and currently 6 wells in their inventory, a SCADA system is necessary to effectively manage a water system this size.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Ann Kirkpatrick

April 28, 2022

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the construction of a new Base Entry Complex at Morris Air National Guard Base in fiscal year 2023.

The entity to receive funding for this project is Morris Air National Guard Base, and the project will be located at 1700 E. Valencia Rd, Tucson, AZ 85607.

The funding will be used for construction of a new main gate complex at Morris Air National Guard Base to meet installation entry standoff and traffic queuing requirements. The current main gate at Morris ANG Base does not meet Force Protection standards and cannot be upgraded at its current location. It also creates frequent traffic congestion on Valencia Road, a major city street, which poses traffic safety and security issues for security forces personnel, wing employees, and local residents.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Ann Kirkpatrick
Member of Congress
